Re: Commission Review of Mass Market Local Circuit Switching in  
Response to the Federal Communication Commission's Triennial  
Review Order Relative to Network Unbundling Obligations 05-TI-908

**All Filings in this docket will be submitted using the  
Electronic Regulatory Filing System (ERFS).**

Data Request Responses Due: <b>Monday, December 15, 2003 - Noon</b>	Address Data Request Responses To: Gary A. Evenson Acting Administrator Telecommunications Division Public Service Commission P.O. Box 7854 Madison, WI 53707-7854
--	--

This letter has been delivered via email. It includes a questionnaire that will require a response by **noon on Monday, December 15, 2003**. Upon receipt of this email, please reply to the sender with an acknowledgement of your receipt of the questionnaire. Providers that do not provide an acknowledgment within one week of transmission will be mailed notices via US Mail.

This letter forwards a request for data made pursuant to the Commission's authority under Wis. Stat. § 196.25(3).<sup>1</sup> The Commission is requesting this data in conjunction with its proceedings related to the Federal Communications Commission's (FCC) *Triennial Review Order* (TRO). The request titled "PSCW Mass Market Switching Questionnaire" is attached, along with an Electronic Response Form, in Excel format, on which to provide answers to this data request. The questionnaire also includes instructions for filing. Please note that there is a preliminary question. Depending on your answer to the question, you may not need to answer the remaining questions.

The Commission needs this information in order to make determinations required by the TRO concerning whether providers are impaired without access to elements of Wisconsin Bell, Inc.'s, d/b/a SBC Wisconsin (SBC), network on an unbundled basis. Much of the information that will be considered in this proceeding will be obtained from Incumbent Local Exchange Carriers

<sup>1</sup> Wis. Stat. § 196.25(3) outlines utility responsibility regarding responses to Commission questionnaires.

(ILECs) and Competitive Local Exchange Carriers (CLECs) annual reports; however, there is some additional detail that is necessary to make the determinations required in this proceeding.

A list of the recipients of this data request is included as Appendix A as well as a copy of the Standing Protective Order. Instructions for the Electronic Regulatory Filing System can be accessed at [http://psc.wi.gov/a\\_erf\\_public/info/erf\\_whatsnew.htm](http://psc.wi.gov/a_erf_public/info/erf_whatsnew.htm). Additional copies of these documents, as well as the Questionnaires and Electronic Response Forms, can be found on the Commission's web site at [http://psc.wi.gov/telecom/cases/5ti908/local\\_switch.htm](http://psc.wi.gov/telecom/cases/5ti908/local_switch.htm).

All responses to this data request should be made using the Electronic Regulatory Filing System (ERFS). The system has separate methods for filing public versus confidential information. If your company believes your information is entitled to legal protection from disclosure under Wisconsin law, please follow the instructions for filing confidential information.

In this proceeding, the Commission has issued a Standing Protective Order that provides for confidential data (from nonparties) to be shared with the parties under strict procedures to ensure confidentiality. Please note that the Standing Protective Order includes two tiers of confidential handling, "Confidential" or "Highly Sensitive Confidential Information," which must be indicated with any confidential filing.

If any provider cannot file electronically, that party must file one copy of confidential information with appropriate forms, and twenty paper copies of public information with Gary Evenson, Acting Administrator, Telecommunications Division. **File by one mode only.**
